

VOTE FOR CHUCK

CHUCK WARPEHOSKI
DEMOCRAT FOR CITY COUNCIL

Since moving to Ann Arbor 10 years ago, my wife Nancy and I have built a life here as neighborhood volunteers and community activists. We are Adopt-a-Park coordinators for Winewood-Thaler Park, where our daughter, Camille, loves to swing and slide. We both work at jobs supporting Ann Arbor's progressive causes. Nancy directs the getDowntown program encouraging downtown employees to use sustainable transportation. For the past nine years I have run the Interfaith Council for Peace and Justice helping people of different faiths and backgrounds work together on social concerns.

I believe that good government excels at providing essential services and modeling fiscal responsibility. I'm running for City Council because Ann Arbor deserves that and more. Our city needs progressive leadership to protect our environment, maintain a strong social safety net, and build healthy neighborhoods and a vibrant downtown.

I will fight for a more equitable, more inclusive, and more sustainable city. I hope I can count on your support on August 7th.

Chuck

“Every day, Chuck works to increase justice and equity in the world. Our city needs leaders with his kind of compassion and commitment.”

***State Senator Rebekah Warren
5th Ward resident***

INCREASING CITIZEN ENGAGEMENT

We are a city of bright and caring citizens. To take advantage of the talents our community has to offer, we must increase meaningful public input in decision-making. In tough economic times, the city's ability to improve customer service depends on its willingness to hear criticisms and respond by leveraging the broad experience of our citizenry.

A CARING, INCLUSIVE COMMUNITY

Our social safety net is a hallmark of our city's compassion and commitment to justice. To ensure that all residents can access jobs, education, and medical appointments we must support transportation options such as public transit, walking and biking infrastructure, and safe roadways. We also need to restore the balance of affordable housing in our downtown. In fact, council should consider the impact on social equity of all major decisions.

HEALTHY NEIGHBORHOODS & A VIBRANT DOWNTOWN

The quality of life in our neighborhoods depends on our ability to preserve core services such as fire protection, trash and compost pickup, and street maintenance. We need to carefully balance growth in our downtown with efforts to protect the character of our neighborhoods, allowing us to maintain both our city's cultural and architectural heritage.
